MY PORTFOLIO WEBSITE ROADMAP

FEB 4
STARTED PLANNING MY PORTFOLIO WEBSITE
CREATED A WIREFRAME ON MOCKFLOW OF MY WEBSITE AFTER
DECIDING WHAT I WANT MY PORTFOLIO WEBSITE TO LOOK LIFE

FEB 5
STARTED DEVELOPING THE HOME PAGE OF MY PORTFOLIO
WEBSITE TO MAKE IT LOOK EXACTLY AS I DID IT ON MY
WIREFRAME

FEB 6
I COULDN'T FIND THE RIGHT BACKGROUND IMAGE FOR THE HOME
PAGE I PLAYED AROUND WITH A FEW BUT THEY DISPLAYED AS
BLURRY BACKGROUND IMAGES WHICH I DIDN'T LIKE. I ASKED FOR
SUGGESTIONS FROM MY MENTOR WHO SUGGESTED THAT I TRY
HD BACKGROUND IMAGES AFTER THAT I'VE FOUND THE RIGHT
ONE

FEB 7

MY HOME PAGE WAS READY AND LOOKED IDENTICAL AS THE
WIREFRAME SO I MOVED ON TO MY ABOUT PAGE AND STARTED
CODING IT

FEB 10- FEB 11
ADDED A 2 ROW LAYOUT ON MY ABOUT PAGE A SIDE ROW AND A
MAIN ROW BUT FIND THAT IT'S TOO MUCH AND DECIDED TO DO A 3
ROW LAYOUT INSTEAD THAT WERE EVEN AND ADDED AN IMAGE
TO THE THIRD ROW

FEB 12-13

DID MY CONTACT PAGE WHEREBY I ADDED A CONTACT FORM AND A GOOGLE RECAPCHA. I ALSO TRIED OUT FIREBASE BUT HAD DIFFICULTIES

FEB 14

I DID MY BEST TO MAKE MY WEBSITE RESPONSIVE HAD DIFFICULTIES. MY MENTOR CHECKED IT OUT AND WAS IMPRESSED WITH THE HOME PAGE AND ABOUT PAGE RESPONSIVENESS BUT THE CONTACT PAGE WASN'T RESPONSIVE.

I UPLOADED MY SOURCE CODE TO GITHUB AND HOSTED IT ON NETLIFY THEN AFTER SUBMITTED MY WORK TO YOUNGLINS.
